## IMMUNITY IS LOST.

## Two Ex-Supervisors Are Indicted.

Wilson and Coffey Punished for Saying No Bribes Were Offered.

First Breach in Integrity of Graft Prosecution's Contracts.

Luther Brown and Four Others Must Answer for Older "Kidnaping."

**SAN FRANCISCO, Oct. 1.**—The first breach in the integrity of the immunity contracts given the former Board of Supervisors by the bribery-graft prosecution was made today when the grand jury brought in indictments against ex-Supervisor Andrew M. Wilson, now State Railroad Commissioner, and ex-Supervisor Michael Coffey, on charges of accepting and agreeing to accept bribes from the United Railroads, the San Francisco Gas and Electric Company, and the Home Telephone Company.

The indictments are understood to be in punishment of Wilson and Coffey for alleged commission or perjury in the trial of General Counsel T. L. Ford of the United Railroads, which is now in progress. Wilson and Coffey testified that no promise of bribes had been held out by Wilson to his fellow-members of the Board of Supervisors. Other members of the board testified to the contrary.

**"KIDNAPERS" INDICTED.**  
The grand jury also brought in indictments against R. Porter Ashe, an attorney of this city, and Luther Brown, a lawyer of Los Angeles, "John Doe, Richard Roe and Roe Doe," who are accused of kidnaping Fremont Older, managing editor of the San Francisco Bulletin, who was arrested on this city last Friday night on a charge of kidnaping. Brown, brother of the late John Doe, and later released on a writ of habeas corpus at Santa Barbara.

The John Doe and Richard Roe named in the indictments refer to the two chauffeurs who drove the automobile in which Older and the constables were conveyed from this city to Redwood City, where the Los Angeles train was taken. Roe Doe is a detective said to be employed by the United Railroads, and who, it is alleged, was implicated in the arrest of Older.

Superior Judge Coffey fixed the bail of each of the accused at \$500 cash or \$10,000 bonds, and bench warrants were issued for all.

## BRIARWOOD PIPE MADE OLDER MEEK.

**IT IS STATED THAT BEN COHN AND F. P. COCHRAN, the two Los Angeles constables who arrested Older, saved themselves from indictment by giving full testimony before the grand jury. This afternoon they appeared to Detective Burns for protection, saying they feared violence from friends of the defense, because of their testimony. They were given an armed escort to the train on which they departed for home this evening.**

The two former Supervisors were indicted for not testifying satisfactorily to the prosecution in the trial of T. L. Ford, and the others for the part they took in serving a warrant charging criminal libel on Fremont Older.

Among those who appeared to witness the work of purifying the city were R. A. Crothers, Fremont Older and Thomas Longman. The two latter were also witnesses.

The indictments for "kidnaping" Older excited much unfavorable comment here. Older is able to make the grand jury do his will through his "pull" with Henry and Spreckels. Some of the testimony in regard to the so-called "kidnaping" of Older was very amusing, especially the way one detective "intimidated" the doughty editor, with a bribe, which Older thought was a revolver.

Older resisted when first placed in the auto, and it became necessary to resort to force to subdue him. Older himself says that a revolver in the coat pocket of the detective was a bribe, and he did not care to use force on the prisoner, he decided to use intimidation. As he had a pipe in his pocket, he grasped the bowl in his hand and pressed the mouthpiece into the editor's ribs, and it is said the effects of this weapon on the prisoner could not have been more satisfactory to the arresting officers, had they been equipped with Nordenfelters.

Harry Lorenson, a detective, referred to frequently as the "Barney-Eyed Kid," was the next witness. His evidence was needed to establish the identity of the detective who had Older in custody, but the prosecution failed to elicit the information from him.

## TO BAR ALL ORIENTALS.

British Columbians May Appeal to King If Dominion Government Does Not Act.

**(BY THE ASSOCIATED PRESS—P.M.)**  
**OTTAWA (Ont.) Oct. 1.**—It is reported from Vancouver that a petition praying that the Dominion government pass drastic legislation barring all orientals from Canada is being circulated. It is expected the petition will have more than 1000 signatures, and will be forwarded to Premier Sir Wilfrid Laurier.

The sentiment is in favor of appealing to the King if the decision of the government is not to act immediately. A dispatch from Vancouver adds: "If this has no result measures to prevent the disembarking of orientals at Vancouver, which shall be effective, will be taken."

## DOCTOR TAYLOR IS NOMINATED.

DEMOCRATS AND GOOD GOVERNMENT LEAGUE COMBINE.

**Anti-Ryan Minority of Republican Party Joins With Present Mayor's Supporters—Recommends Himself to the Service of San Francisco. Division of Offices Agreed Upon.**

**(BY DIRECT WIRE TO THE TIMES.)**  
**SAN FRANCISCO, Oct. 1.**—[Exclusive Dispatch.] The understanding which was reached on Monday night between the Democratic leaders, the Good Government League and the anti-Ryan minority in the Republican party was in part carried into effect by the Democratic nominating convention tonight. Edward Robinson Taylor was placed in nomination for Mayor, and accepted in a brief and dignified speech "reconsecrating and rededicating" himself to the service of San Francisco.

William H. Langdon was named as the candidate of the triple alliance for District Attorney, and responded with a speech similar in import to that which he had made before the Republican convention last week.

All the convention work was done according to programme. It was the question of allotment of offices to the Republicans which caused the convention tonight to skip the nominations for Treasurer and County Clerk. O. Cushing, chairman of the Committee on Nominations for Supervisors, asked for more time, and a meeting of that committee is to be held the afternoon prior to the meeting of the convention in the evening, at which time the ticket will be completed. The twenty names which had been selected for Supervisors on Monday night are as follows: Phil Lillenthal, W. G. Stafford, Lippman Sachs, Thomas Magee, George Wenter, Bernard Faymonville, Allan Pollock, Paul Bancroft, James Roth, Jr., James P. Booth, A. Comte, Henry Payte, Thomas Jennings, Dr. Olan, Oscar Hocks, W. H. McAllister, William Broderick, Gustav Brenner and George Lent. Later in the evening the committee will be called to order, and the names of the candidates for the office of Mayor will be announced.

The purpose is to make an equal division between the Democratic and Republican parties, allotting nine to each.

## PARTIAL TICKET NAMED.

**(BY THE ASSOCIATED PRESS—P.M.)**  
**SAN FRANCISCO, Oct. 1.**—The Democratic City and County Convention tonight fused with the Good Government League, nominated the following partial ticket and adjourned until tomorrow night to complete it:

For mayor, Dr. Edward Robinson Taylor, incumbent.

For district attorney, William H. Langdon, incumbent.

For assessor, Dr. Washington Dodge, incumbent.

For public administrator, Michael J. Hines, former incumbent.

For city attorney, Percy V. Long, former incumbent, Republican.

For auditor, John A. Koster, retired business man, Republican.

For tax collector, David Bush, retired business man, Republican.

For recorder, Edmund Godchoux, stock broker and former incumbent.

For sheriff, Lawrence J. Dolan, saloonist.

For coroner, Dr. Thomas B. W. Lealand, former incumbent.

The fusion price paid by the Democrats, as ratified by the adoption of the report of the Committee on Conference, was the yielding to the Good Government League by the convention of all offices on the ticket except Mayor, or nine of the eighteen Supervisors, Sheriff, Auditor, Coroner, Recorder, Assessor, public administrator and two police judges.

All of the several candidates were nominated unanimously, the secretary being instructed in each case to cast the ballot for the convention.

## WORKMEN BURIED ALIVE.

Slide in Mexican Central Ballast Quarries Crushes Out Lives of Many Laborers.

**(BY THE ASSOCIATED PRESS—P.M.)**  
**EL PASO (Tex.) Oct. 1.**—News reached here tonight of another slide in the Mexican Central ballast quarries near Victoria, in which many laborers were buried alive.

Sixteen dead and eleven fatally injured have been taken out.

It is known that many of the buried under the tons of earth and rock, with no hope of being rescued alive.

## BORAH DEMANDS AN ACQUITTAL.

COURT MAY DECIDE THIS MORNING TO ORDER ONE.

**Defense Moves That Case Be Taken from Jury on Grounds That No Evidence Has Been Produced Convicting the Senator-Elect With Land Fraud Conspiracy.**

**(BY THE ASSOCIATED PRESS—P.M.)**  
**BOISE (Idaho) Oct. 1.**—Federal Judge Edward Whitton, presiding at the trial of United States Senator William E. Borah, will decide tomorrow morning at 10 o'clock whether or not the case shall be taken from the jury and a verdict of acquittal ordered by the court.

At the conclusion of the government's case today, the defendant entered a motion for acquittal on the grounds that no evidence tending to connect Senator Borah with a land fraud conspiracy had been adduced.

The motion was argued at length by Special Prosecutors Rush and Burch, and by James H. Hawley for the defense. Senator Borah's counsel waived the opening argument on the motion, and Mr. Hawley declared he would not have spoken at all had it not seemed to him that the government's counsel had either intentionally or unwittingly misinterpreted much of the testimony before the court. The jury was not present during the argument.

Mr. Rush, in opening the argument for the government, said that there had certainly been tangible evidence of a conspiracy on the part of a few persons at least, and in this view, Judge Whitton said he concurred. Mr. Hawley claimed that the evidence of the government's own witnesses was to the effect that Senator Borah always announced that he was acting as attorney, and that his desire was to protect his clients, the Barber Lumber Company, from securing claims tainted with fraud.

## TEN MEN ARE INDICTED.

Conspiracy Charge Formally Lodged Against Pennsylvania Capital Builders.

**(BY THE ASSOCIATED PRESS—P.M.)**  
**HARRISBURG (Pa.) Oct. 1.**—Ten of the fourteen men involved in the capital prosecutions have been indicted by the Dauphin county grand jury on charges of conspiracy. These men are mentioned in six true bills found out of the thirty-two cases laid before the grand jury yesterday. Three of these indictments were returned last evening and three more today.

The six cover every man named except four, whose cases may be considered separately.

## STRIKING FEATURES IN PRESIDENT'S ADDRESS.

**It should be sold outright only in quantities sufficient for decent homes—not in huge areas, to be held for speculative purposes or used as ranches where those who do the actual work are merely tenants or hired hands.**

**The one object in all our land laws should always be to favor the actual settler, the actual home-maker.**

**In addition to the iron high roads of our railway system, we should also utilize the great river highways which have been given us by nature.**

**The average American citizen will no more tolerate government by a mob than he will by a plutocracy; he desires to see justice done to and justice exacted from rich man and poor man alike.**

**If a man does well, if he acts honestly, he has nothing to fear from this administration. But so far as in me lies, the corrupt politician, great or small, the private citizen who transgresses the law—be he rich or poor—shall be brought before the impartial justice of a court.**

**At intervals during the last few months, the appeal has been made to me not to enforce the law against certain wrongdoers of great wealth, because to do so would interfere with the business prosperity of the country.**

**I do not admit that this (policy) has been the main cause of any business troubles we have had, but it is possible that it has been a contributory cause. If so, friends as far as I am concerned, it must be accepted as a disagreeable but unavoidable feature in a course of policy which, as long as I am President, will not be changed.**

## SLICK BROWN MEN.

## MANY JAPANESE SLIP THROUGH.

UNITED STATES IS THEIR OBJECTIVE POINT.

**Of Six Thousand Subjects of the Mikado Who Have Recently Arrived in Vancouver, Sixteen Hundred Have Crossed American Boundary Line.**

**(BY DIRECT WIRE TO THE TIMES.)**  
**VANCOUVER (B. C.) Oct. 1.**—[Exclusive Dispatch.] Official figures obtained today disclose the surprising information that of the six thousand Japanese who have recently arrived in Vancouver, sixteen hundred have crossed the boundary line to Seattle, Portland and San Francisco.

These include one thousand who came from Honolulu and who could not enter the United States direct.

The second feature of the day's news on the Japanese question was the official calling off of Dr. Munro, the Vancouver immigration inspector, who declared last week that he would recognize no more Honolulu passports presented by Japanese. Today the Secretary of State followed up a dispatch from Sir Wilfrid Laurier, declaring that Dr. Munro had made a grave mistake in the regulations and declaring that Canada cannot refuse admission to the Honolulu Japanese.

Consul-General Noose went a step further today in an interview in Ottawa, disclaiming altogether the existence of any agreement by Japan to limit immigration to Canada. He says this agreement was made prior to the treaty of 1890 and this treaty took the place of the agreement. He insisted

## FORESTALLS REMOVAL.

Fire Commissioner Parry of San Francisco Tenders Resignation, Which Is Promptly Accepted.

**(BY THE ASSOCIATED PRESS—P.M.)**  
**SAN FRANCISCO, Oct. 1.**—Fire Commissioner John E. Parry forestalled removal from office for violating the charter in leaving the State twice during his term by presenting his resignation today to Mayor Taylor, who immediately accepted it.

It is understood that an insurance man will be appointed to the vacancy and that Hollis V. Watt, former fire commissioner, or Supervisor Faymonville, is to be tendered the post.

## PRESIDENT'S TRIP. DESPISES QUITTERS.

President's Speech Characteristic.

Willing to Help Man Who Falls, but Not One "Who Lies Down."

Great Crowd Cheers Address at Keokuk, Iowa, Where River Trip Begins.

Many Distinguished Men Embark With Executive for St. Louis.

**(BY THE ASSOCIATED PRESS—P.M.)**  
**KEOKUK (Iowa) Oct. 1.**—Keokuk put on her Sunday dress to receive the President of the United States, when he arrived here at 3 o'clock today, and the people of the city were assisted in their reception of the chief magistrate by a notable gathering of distinguished men, including the Governors of more than a dozen States, a number of members of both houses of Congress, and the members of the Inland Waterways Commission.

The occasion of the President's coming was the movement in the interest of a deep waterway down the Mississippi River to the gulf, and this city was selected as the point of embarkation on his voyage down the river, which will end at Memphis next Friday.

He was given a drive through the city and made a noteworthy speech at Grand Park to many thousands of persons. The reception to the President, both along the line of march and at the park, was cordial in the extreme, and he was in excellent health and spirits.

## START FOR ST. LOUIS.

The President embarked on the steamer Mississippi a few minutes before noon and is scheduled to reach St. Louis at 8:45 a. m. tomorrow. He was accompanied by the Inland Waterways Commission, Gov. Frank of Oklahoma and Seth Bullock of the Black Hills.

As at Canton, the President did not deliver his speech here just as he had prepared and given it to the press. He did not omit any feature, but frequently turned from his manuscript to interject extemporaneous remarks for the purpose of emphasizing and elaboration.

Before beginning, he insisted that the ropes be let down; as to admit enough people to fill a number of seats, and when a man and a woman appeared carrying children he directed that they be given chairs.

"Now," he said when these preliminaries had been arranged to his satisfaction, "you can proceed."

Again, as on yesterday, his theme was the similar treatment for rich and poor, and again he found occasion to point his story with familiar colloquialisms.

**NO USE FOR A QUITTER.**  
"Isn't that good doctrine?" he asked after stating his proposition, addressing the Grand Army men in front of him, and, when he received a shout of assent, he proceeded to say that, while he was always willing to help a man who stumbles and falls, he was not willing to carry the man who "lies down."

"It does him no good, and it is too much for me," said the President.

He dwelt on the necessity for self-mastery, declaring that "every man must have a master," and adding that "if he does not master himself, some one else will do so."

In another connection he laid down a general proposition that "An A-1 private soldier is worth a number of poor major-generals." But added that "An A-1 major-general is invaluable, the point being that 'individual merit is the pearl of great price in every walk of life.'"

He said he was willing to help the big railroad man who is honest, and would protect him against the demagogue, but he would not assist in the condemnation of those who were not acting honestly.

**NOTABLE ADDRESS MADE BY PRESIDENT.**  
**(BY THE ASSOCIATED PRESS—A.M.)**  
**KEOKUK (Iowa) Oct. 1.**—Following is the text of President Roosevelt's address, delivered here today:

Men and Women of Iowa: I am glad indeed to see you and to speak to you in this thriving city of your great and prosperous State. I believe with all my heart in the people of Iowa, for I think that you are good, typical Americans, and that among you there has been developed to a very high degree that body of characteristics which we like to regard as distinctively American.

During the last few years we of the United States have been forced to consider very seriously certain economic problems. We have made a beginning in the attempt to deal with the relations of the national government—that is, with the relations of the people of the country—to the huge and wealthy corporations, controlled for the most part by a few very rich men, which are engaged in interstate business, especially the great railway corporations.

You know my views on this matter. You know that I believe that the national government, in the interests of the people, should assume much the same supervision and control over the same corporations which we have assumed over the banks.

TOKIO CHEERS TAF'S MESSAGE OF PEACE.

Secretary of War Delivers Inspiring Address at Brilliant Banquet of Officials—Declares War Between the Two Nations Would Be Criminal.

[BY THE ASSOCIATED PRESS—P.M.]

TOKIO, Oct. 1.—Secretary Taft's busiest day in Japan began with a reception and luncheon given in his honor by Foreign Minister Hayashi at the arsenal, which was attended by all the officials of the government departments, making it the most brilliant function of his visit.

Replying to the speech of welcome, delivered by the War Minister, Lieut. Gen. Terauchi, Secretary Taft made his acknowledgment of the courtesy extended to him, and his delight at being once more in Japan.

After luncheon, accompanied by the staff of the American Embassy, Taft went to Yokohama, where he held a reception for American residents.

The party returned to Tokyo later, and were the guests tonight at dinner of E. F. Fernald Dodge, first secretary of the American Embassy.

Secretary Taft aroused the wildest enthusiasm and loud cheers when, in the course of his speech at the banquet, he declared that war between the United States and Japan would be a crime against modern civilization, and as wicked as it would be insane, adding that neither people desired it, and that both governments would do their utmost to guard against such a fearful catastrophe.

The Secretary spoke with intense earnestness, after careful deliberation and preparation.

The banquet took place in the assembly-room of the Imperial Hotel, Viscount Shimamura presiding, and was attended by prominent officials and many of the leading business men of Tokyo.

Taft sat on the right of Viscount Shimamura, and Mr. E. F. Fernald Dodge, the new American Ambassador to Japan, was seated on his left.

The decorations of the hall were magnificent, and a good band furnished the music. Among those present were many ladies, including the wife of the Japanese ambassador.

Viscount Shimamura, in welcoming Taft, paid a glowing tribute to the greatness of the nation which the Secretary represented, the friendliness which the United States had always displayed toward Japan, and the influence which America exerted throughout the world.

SECRETARY'S REPLY.

In replying, Taft spoke with deep feeling and positiveness. He asserted that the talk of military alliance between the United States and Japan was due entirely to the commercialism of the newspapers in America.

The Secretary declined to discuss the immigration question, saying that he would not discuss any matter which was the property of the State Department.

Continuing, Taft said: "Americans will always be proud of the part President Roosevelt was able to play in bringing about the cessation of hostilities between the United States and Japan, and the fact that the United States has been able to stand in the first rank of the family of nations. You have concluded treaties with your former antagonists and wounds caused by the war are healed."

"The growth of Japan from a hermit state to her present position in the last fifty years is a marvel to the world."

"Americans are proud to record the fact that Japan has always had the cordial sympathy and at times the effective aid of the United States. For a moment—for a moment only—a hostile cloud came over the sunshine of the fast friendship of fifty years."

"Only the greatest earthquake in centuries could cause even the slightest tremor between such friends. I do not intend to consider the details of the events at San Francisco; I cannot trespass on the jurisdiction of the Department of State. It is for my colleague, Mr. Root, or my friend, Mr. O'Brien, to discuss this matter."

WAR WOULD BE INSANE.

"I say that there is nothing in those events that cannot be honorably and fully arranged by ordinary diplomatic methods between the two governments, conducted as they both are, by statesmen of honor, sanity and justice."

"War between Japan and the United States would be a crime against modern civilization. It would be insane. Neither the people of Japan nor the people of the United States desire war. The governments of the two countries would strain every point to avoid such an awful catastrophe. Neither would gain anything."

"Japan has undertaken with the legitimate interests of us close a neighbor to reform and rejuvenate the kingdom that cannot be honorably and fully arranged by ordinary diplomatic methods between the two governments, conducted as they both are, by statesmen of honor, sanity and justice."

CANNOT PROVE HIS CHARGE.

Moffett Cites Grand Jury to Record of Oil Trial.

Chief Rate Clerk of Alton Is Subpoenaed.

Indictments May Result from His Testimony.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Oct. 1.—[Exclusive Dispatch.] James A. Moffett, president of the Standard Oil Company of Indiana, failed to substantiate his charges when he appeared before the special Federal grand jury today in response to the summons ordered by Judge Landis.

Instead of producing evidence showing that other shippers were equally guilty with the Standard, he referred the grand jurors to the record of the trial for the basis of his assertions. He pointed out that Frank S. Hollands, chief rate clerk of the Chicago and Alton Railway, while on the witness stand, said that other shippers received the same concessions.

As a result of Mr. Moffett's explanation, a subpoena was at once issued for Mr. Hollands. The Alton employe appeared at the afternoon session of the grand jury, but was excused until tomorrow morning. He pleaded he had not had sufficient time to collect the necessary records.

The grand jurors will question Mr. Hollands tomorrow, and if he is inclined to name specific instances in which shippers obtained lower rates than those filed with the Interstate Commerce Commission, an investigation will at once be ordered. New witnesses will be summoned and true bills may be returned against big corporations and possibly even against railroads.

The forenoon investigation hinged, so far as could be learned, on whether the railroads entering Chicago prior to August 28, 1906, the date on which the Hepburn law went into effect, were in the habit of quoting rates not based on figures filed with the Interstate Commerce Commission.

The acceptance of such a rate from the Alton was the offense of which the Standard Oil Company of Indiana was convicted, and for which it was fined \$25,000.

By implication, this was the condition which Mr. Moffett charged practically every other shipper in the Chicago district received from the railroads, and on which he based his question, "Is there a purpose in securing the Standard's 'secret'?"

Mr. Hollands is the witness who, in the hearing before Judge Landis following the conviction of the oil company and before the imposition of the fine, declared it was the common practice of Chicago railroads to quote "errate rates not filed with the Interstate Commerce Commission. At the time, when urged by the court, to give specific instances, he finally admitted he could not do so.

COPPER DIVIDEND CUT.

Size of Dividend Reduced by Anaconda Company Shows Considerable Shrinkage.

[BY THE ASSOCIATED PRESS—A.M.] NEW YORK, Oct. 1.—The directors of the Anaconda Copper Company, the main producing company of the Amalgamated Copper Company, today declared a quarterly dividend of \$1.50 a share.

This is a reduction of 50 cents from the last dividend declared in the previous quarter, and is at the rate of 30 percent per annum, instead of 45 percent, as declared for the previous quarter.

The Shure Line Express and the Knickerbocker Limited on the New York, New Haven and Hartford were in a rear-end collision at Providence, R. I., yesterday. Three persons were seriously hurt, but no one was killed.

Forty-two persons, including thirty Japanese soldiers, were killed or injured by the collision of a south-bound train from Seoul, Korea, early yesterday. The responsibility for the wreck has not been fixed.

RAILROAD RECORD.

# HARRIMAN IS OUT OF ALTON.

Hawley-Shonts Combination Now in Control.

Rock Island Interests Carry Out Agreement.

Transfer to Clover Leaf to Be Made Today.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 1.—[Exclusive Dispatch.] The determination of the Hawley-Shonts combination to eliminate E. H. Harriman as a factor in the Alton Railroad was shown at the annual meeting today of the stockholders, when Edwin Hawley and R. A. Jackson were elected directors in place of E. H. Harriman and James Stillman, and Robert Mathew was re-elected a director.

The retirement of Messrs. Harriman and Stillman from the Alton directorate is most remarkable in view of the fact that the Union Pacific Railroad, the parent company of the Harriman system, owns \$16,727,500 out of the \$25,000,000 of capital stock issued by the Alton.

As a rule when Mr. Harriman owns or controls one-fourth the capital stock of a company he is its ruler. In many cases where he holds a much smaller percentage of securities of companies, he is the dominating influence in them. The Illinois Central Railroad being a notable example. Under the cumulative system of voting stock as provided by the bylaws of the Alton company, it is stated that Mr. Harriman might have obtained control of the company by himself, but one more director would not have given him control of the board and for this reason, it is said, he decided not to make a fight at the stockholders' meeting.

ON TWO CONDITIONS.  
The ousting of two Harriman directors and the election of the representatives of the Rock Island interests came as a big surprise to all but the select few in the Rock Island negotiations with the Hawley-Shonts syndicate for the sale of the Alton road.

It is stated on good authority that Messrs. Hawley and Shonts made their purchase of the Alton company on two conditions—the granting of immunity to the road in the Standard Oil rebate case, and the elimination of Harriman and Stillman from the Alton directorate at the meeting.

In other words, the Hawley-Shonts syndicate demands that the Rock Island interests be prepared to relinquish an actual majority of the Alton directorate to them, as well as a majority of stock, before it would complete the deal.

In accordance with this demand, the Rock Island interests forced the election today of Robert Mathew, president of the Rock Island company of New Jersey; R. A. Jackson, first vice-president of the Chicago, Rock Island and Pacific Railroad, in addition to E. P. Youkum, D. G. Reid, W. H. Moore and J. H. Moore, making six of the seven members of the board of the Alton.

TO COMPLETE DEAL.  
At a special meeting in New York tomorrow all the representatives of the Rock Island interests will resign from the directorate of the Alton and their places will be filled by representatives of the Hawley-Shonts syndicate. Then the actual transfer of stock held by the Rock Island people will be made. The new directors will elect an Executive Committee and officers of the company.

Mr. Felton undoubtedly will be re-elected president, but as he was placed in that position originally by Mr. Harriman, and has been regarded as his personal representative, it is unlikely that he will long remain at the head of the road under the new ownership.

CONSIDERED A QUESTION.  
While John J. Mitchell, president of the Illinois Trust and Savings Bank, and Norman B. Reed were members of the Harriman syndicate, the latter was considered one of its representatives as Mr. Felton is.

More than a dozen persons attended the meeting of the Alton stockholders today, where the final steps in the transfer of control of the Alton to the Hawley-Shonts syndicate will be taken tomorrow.

Metropolitan Street Railway Company Made Party Defendant at Its Own Request.

(BY THE ASSOCIATED PRESS—P.M.)  
NEW YORK, Oct. 1.—The Metropolitan Street Railway Company was today made a party defendant in the lawsuit recently ordered against the New York City Railway Company.

The latter is lessee of the lines of the Metropolitan company, under a franchise of the leases to pay 7 per cent dividends on the Metropolitan's stock.

## JAPAN NEGOTIATES FOR GUNS.

Contracts Not Yet Let and Nipponese Apparently Are in No Great Hurry.

(BY THE ASSOCIATED PRESS—P.M.)  
BERLIN, Oct. 1.—A member of the board of managers of the Krupp works, in an interview today, denied the current report that the Japanese government had ordered about thirty naval twelve-inch guns of the Krupp works.

Japan, he said, had been negotiating for months on the subject of these guns, but no contract had yet been signed.

There is no hurry in the matter and Japan may decide to wait until her orders can be filled at the English gun works.

## SEEK HARMONY AMONG COURTS.

CONVENTION AUTHORIZES MEMORIAL TO CONGRESS.

Capitalization of Public Service Corporations, and State Regulation of Public Utilities Among Problems Discussed on Last Day of Lawyers' Meeting in St. Louis.

(BY THE ASSOCIATED PRESS—A.M.)

ST. LOUIS, Oct. 1.—The national conference of Attorneys-General held its final session here today. Atty.-Gen. Dana Malone of Massachusetts read a paper on "Capitalization of Public Service Corporations." He said in part: "A commission, not the Legislature, is the proper authority to determine what amount of securities should be authorized; and care should be taken that no form of indebtedness should be authorized without full value received, as indebtedness other than stock issues may be more harmful than capital stock, because, upon default, interest must be paid, and upon stock dividends interest need not be paid unless they are earned."

"I urge the passage of laws similar to those of Massachusetts and other States, not in a spirit of hostility to capital and capitalists, but in the interests of the public and the investors in securities."

In the absence of Atty.-Gen. W. S. Jackson of New York, his paper, "State Regulation of Public Utilities," was read by Atty.-Gen. W. M. Dickinson of Colorado. The paper in part follows: "It is an encouraging evidence of an aroused public conscience and intelligence that in nearly all of the States efforts are being made to insure effective and intelligent regulation of public utilities without resort to legal quibbling or absurd precedents."

"Many of the remedies proposed seem worse than the evils which they seek to overcome, and this will be true in degrees of any remedy that violates the principle of home rule."

"Whatever may be the ultimate solution of the public service corporations problem, whether it shall be private ownership with public regulation and control or within their respective limits, Federal, State or municipal ownership of all utilities which in their nature are essential monopolies, the obligation devolves upon the Attorneys-General of all the States vigorously and efficiently to enforce the laws now existing for the curtailment of corporate aggrandizement and the protection of public right."

## DEMANDS UPON MOROCCO.

French Government Frames Up Paper for Sultan Abdul Aziz to Sign.

(BY THE ASSOCIATED PRESS—P.M.)  
PARIS, Oct. 1.—At the approaching interview with the Sultan Abdul Aziz at Rabat, M. Regeault, the French Minister, will make the following demands:

First—A settlement of all the back claims of France.

Second—A definite arrangement for policing the Algerian frontier zone.

Third—A settlement of the Casa Blanca affair, including a contribution towards the war expenses and indemnities for French citizens who suffered from the anti-foreign outbreak there.

Fourth—The immediate execution of the reforms provided for by the Algeir convention, beginning with the installation at the ports of the Franco-Spanish police.

The powers, with the exception of Spain, have agreed to the measures formulated by France for preventing the introduction of contraband into Morocco. In spite of the Spanish reservations, these measures will be placed in operation. The foreign office has received complete proof that Mulai Haad is not hostile to France, but simply desires French neutrality in his contest for the sultanship.

## CITIZEN SOLDIERS.

Over Hundred Thousand Men Are Now Members of State National Guards.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Oct. 1.—The annual report of Adj.-Gen. Ainsworth, dealing with the militia, says that the strength of the organized militia at the end of the last calendar year, as reported by the State adjutant-generals, is placed at 110,995, out of a total of 12,812,694, males available for military duty, but the reports of the United States inspecting officers place the total organized militia at 105,213.

Summing up the report of the inspecting officers, the adjutant-general says: "It is estimated that about 75 per cent. of the members of the militia would respond to a call for troops to repel invasion or to suppress insurrection against the authority of the government."

## WILL CLEAR OFF REDWOOD.

Pacific Lumber Company Will Prepare Right of Way for Northwestern Pacific Railroad.

(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, Oct. 1.—The Northwestern Pacific has entered into a contract with the Pacific Lumber Company, by which the lumber company is to start immediately clearing the big redwood timber of the proposed right of way of the railroad from Shively, south to the Est River.

The railroad right of way runs through the lumber company's timber tract for a distance of about six and a half miles. Four or five miles of this stretch is big redwood forest.

Physician and Editor at North Sydney, N. F., Engage in Affair of Honor.

(BY THE ASSOCIATED PRESS—A.M.)

NORTH SYDNEY (N. F.) Oct. 1.—Refuting all aspersions upon his wife's honor contained in a newspaper article, Dr. Freemy of St. Pierre et Miquelon, fought a duel with M. Masier, editor of the Royal yesterday and wounded him severely.

The duel was held in the rink and swords were the weapons.

After ten minutes' fierce fighting the editor received a painful thrust in the right breast and his second declared Masier unable to continue the combat.

## "Ramona Acres."

"Ramona Acres" is now only twenty minutes away from the heart of Los Angeles on Mr. Huntington's new "Covina" line. It is not remarkable that any one who buys or builds a home in Los Angeles when they can secure one of these "Ramona Acres." Every lot is supplied with purest artesian water. Taxes less than one-third what they are in the city and yet only twenty minutes away! Reasonable building restrictions. Cement sidewalks and curbs.

It has the best soil in the world, grows everything in the region of the San Joaquin, and beyond question is the most beautiful portion of the San Gabriel Valley. Lots that you can buy today for \$100 or \$150 will in a few years' time, be cheap at \$500.

Parties really desiring to purchase property, providing they can find what they want, are invited to visit "Ramona Acres" with a view of purchasing it, upon examination, it is found satisfactory.

We furnish maps and tickets free and return every country. "No trouble to show goods. Local agent on the tract." The Emerson Realty Company, 425 South Spring street, 201-203 Delta Bldg., Los Angeles, Cal.

FIRST DAY'S SHOOTING  
BREAKS ALL RECORDS.

**Southern California Clubmen Kill  
Thousands of Sprigs on Opening  
Day—Auto Parties Are Fashionable.  
Limits Everywhere.**

DUCK shooting in Southern California broke all records at the opening of the season yesterday. Everywhere the shooting was good, and on the preserves of the duck clubs the sport was exceptional.

It is estimated that 4000 ducks were killed on the gun club preserves alone, and that 25,000 shots were fired to bring about this result. Nearly two hundred club members participated in the shooting, and a large number of the experienced hunters secured the limit of thirty-five some within a little over an hour of sport. As almost

as brisk thereafter that a gun had no chance to cool. The birds flew from one marsh to the next, circling about in bewildered manner.

## LARGE TURNOUT.

Most of the clubs had the biggest turnout in their history. Over half the entire Bolsa Chico membership was out on the splendid preserve of that organization near Huntington Beach, and eighteen limits were killed by the twenty-three guns. Gen. Moses H. Sherman, John J. Fay, Count Jaro Von Schmidt, H. E. Wilcox, William Bayly, J. S. Torrance, Harrison T.

**METCALF CAPTAIN.**  
FINE ATHLETIC RECORD.  
SPECIAL CORRESPONDENCE OF THE TIMES.  
CLAREMONT, Oct. 1.—By a unanimous vote, Lester Metcalf of the senior class was elected "varsity" football captain, this afternoon, to succeed Capt. Robert Chisholm, who has left college.

Metcalf is one of the best-known athletes in intercollegiate circles, having played on various athletic teams for five consecutive years. In football Metcalf has played both line and back-field positions. His place-kick two years ago won the game in the annual contest with Occidental.

Having played every position on the football team, except end and quarter, he therefore knows how each position should be played. He played as catcher and outside on the basketball team. On the cinder path "Met" made a record for himself in the hammer throw, and also contested in the hurdles. On the first "varsity" boys' basketball team put out by the sagebrushers, Metcalf played forward and was exceedingly skilful in throwing baskets.

The "scrubs" have elected Wilfred W. Harshorn of Escondido as captain. By the return of Eames and Haliday, the "varsity" will be greatly strengthened in the line.

Names will be especially useful on the 1910 eleven, where his bulk and weight will be needed in the game with 1911 Saturday.

Of the sophomore bunch, Mahoney, Crawford, Joss and Case are being tried on the "varsity" squad and may make good. Young Spurgeon may be trained also for halfback. In that case Valle will likely do most of the quarterback work, with Spurgeon for his understudy.

## Scenes on Southern California Duck Club Preserves.

George W. Fry in his blind at the Recreation Club—Members of the Chico Gun Club with early morning limit bags. George A. Ralphs and George W. Fry congratulating each other on successful morning's sport at the Recreation Club.

all the shooting was completed before noon, it is calculated that one shot a second was fired, and that a duck fell every five seconds for more than six hours.

A large number of independent sportsmen also took part in the fun, and hundreds hovered about the inclosed preserves, shooting the ducks as they circled from the ponds and blinds, or else hunted in the few open pieces of country not yet taken up.

Three out of four of the birds shot were sprigs.

From the first the shooting became not a question of getting the limit, for that was easy, but rather a matter of selecting the finest birds and getting them together in the minimum of time.

The reduced bag limit of thirty-five had its first public trial, and met with approval. Thirty-five of such sprigs as were flying yesterday is a backlog for a powerful man. As a rule, the new limit was fairly well observed. In their first enthusiasm a few crack shots probably overran their strings, but if so they found no difficulty in working off their surplus.

**MANY LIMITS KILLED.**  
Most of the clubmen reached the limit by 8 o'clock easily. Day broke in a steamy, dense fog. Birds that could be seen at all clearly were within range, and long-shooting was postponed until the muck lifted.

One or two clubs stayed over to shoot today, which is considered a bad thing for the others, and worst of all for themselves, driving the birds elsewhere.

Kendall, Col. C. P. Morehouse, Isaac Milbank, Dr. Milbank Johnson, Gail Borden Johnson, H. L. Story, P. L. Auton, T. E. Gibson, E. J. Marshall, L. A. Phillips, E. T. Earl, Dr. Granville MacGowan, J. V. G. Posey, W. R. Staats, E. R. Hull, J. B. Miller and J. D. Thompson enjoyed the shooting to the full.

On the Chico Land and Water Company thirteen guns were out, and a dozen got the limit, the other killing within three of it. R. P. Gones, J. Fred Maier, Ed Maier, Joe Gioia, Ed Goller, Frank Huebsch, Harry Graham, Edwin Goller, Chris Krempel, Bob Goller, William Preston and A. C. Handor were on hand. Ed Maier took a party down in his Peoria, and Goller had others in his Oldsmobile touring car. Auto parties were quite the thing, and more machines were seen through the gun club district yesterday or the night before, than in six months' previous.

The Olympic was another club with a regimental turnout. Several got nearly the limit. Dr. Schiffman, Frank Bowles, and Walter J. Wren secured is each. R. F. Blinn was high with 25. R. A. Chipron accounted for 21. Charlie Van Vorst had 25; E. J. Brent had 11; Harry Graham had 15; William Mackie a dozen; Irving Smith 13, and a new member had less; Harry Baum had a big mess.

Gen. C. F. A. Last, Jacob Fleber, J. F. Holbrook, August Winstel and a guest, J. G. Lang, of San Francisco, held down the blinds in the Green Wing, and what with fighting off poachers, looking a little longer than usual to get the limit, but got it, nevertheless. In the afternoon they had a barbecue of duck breasts over the new furnace built this summer.

A full squad of nine guns was affixed on the Canvasback. Ed Featherstone and Louis Denker drove down Monday afternoon in Featherstone's Cleveland runabout, leaving town at 5 o'clock. At 7, in time for dinner, dusty, bedraggled, and with a broken spring, they came chug-chugging into the

corral, the tournament registering just 102 miles for the trip, which proved they had wandered out of their way to a total of over twice the proper distance by the direct road.

In the next morning's shooting, Edwin L. Hedderly had his thirty-five sprigs by 4:20 o'clock. J. E. Grant accumulated 26; Featherstone, 25; Denker, 21, and George Hupp, 21. "Gloomy Gus" Morro was disconsolate with last choice of blind, but made the best of a bad matter and accumulated enough to give a few away beside his own mess; Sam C. Hall and H. T. Russell got 25; W. F. Chandler, 20.

On the Christopher, Godfrey Wits and J. W. Morrison both had the limit. J. A. Crook, A. W. Exger, H. C. Dillman, Frank Pellissier, Wm. Frick, all had good shots, remaining out a little later. Four came in Eager's automobile.

Eleven members of the Sunset Club who shot yesterday got limit bags, all sprigs. R. Mauser, president of the club, says that ducks were never before so plentiful in the Chico district. Those who shot were: N. L. Biehl, E. Pargi, Dr. Charles G. Silvers, Dr. Giltingham, C. E. Groat, H. V. Collins, R. Mauser, John Lovechik, Carr and A. T. Jergins.

**BLUE WING BUSY.**  
William F. Ball, W. T. Glassell, Ed L. Allen, H. N. Manington, Lee Stephens and W. C. Patterson all got the limit on the Blue Wing early. The latest were through by 8 o'clock. Thirty shooters in all were temporary residents of "Gun Club City," where the Westminster, Golden West, Los Patos and Algonquin have their homes. Eleven limits were brought down on the Westminster, eight on the Golden West and five on the Los Patos. Messrs. Phelps, Parker and Neiswender got fair strings on the Algonquin Club.

Jose L. C. Gates and Walter R. Leeds shot on the Westminster, with maximum legal results, each a Chandler killed three mallards. These fine birds were more plentiful on the Bolsa Chico than ever before, also.

On the Golden West Club, E. A. Curtis, E. A. J. A. B. and H. S. Hoffman, Howard Rivers, J. B. Lewis and H. S. Hawthorne killed the limit early. Asa Casper, W. Selbach, G. Herman, Percy Gibbings and J. W. Anderson killed the limit also.

A full-sized turnout of eleven was affixed on the San Pedro Club's grounds. As there were only nine blinds, the shooters took turns in them and in warding off poachers. Seventeen was high. Billy Wickersham, John Alt-house, Henry Pfirman, Frank Foote, Lew White, H. Stone, W. Ruth, among others, shot there yesterday.

The Lomita Gun Club had more than two dozen shooters, most of whom got the limit. Everywhere the class of birds was the same, sprigs principally, with a few teal, a very few spoonbills, an occasional widgeon, and some fancy birds. W. F. Chandler killed a big redhead on the Canvasback Club. Mallards were quite well represented, as were big snipe of all sorts, which proved some temptation.

At the house of the Alamitos Club were gathered James J. Jeffries, Frank Burch, J. Myrick, Jr., and in the annex were Ed Fishburn and R. I. Rogers. All had limit shooting with quite a sprinkling of high-class birds.

**PASADENA CROWDED.**  
The Pasadena Club made yesterday open to all, and was crowded in consequence. Joe Welch, J. J. Black, Col. Taylor, Neil K. Taylor, Ed Mass, Rob Gayford, Dick Stephens and Emil Kayser were on hand and had good shooting. The same was true of the Cervitas, which killed many birds and had a big houseful. The Green Wing and adjacent clubs did well.

Sport in the Ballona was not in proportion, although some good bags were made. The Recreation and Del Rey clubs had decidedly the best of it. George Ralphs and J. W. Fry, among others, knocked over the limit on the Recreation. C. A. Winslow, Irving Ingraham, Henry W. Keller and Willard Stimson are of the Del Rey, which had its usual good shooting.

George Ralphs is unique among local shooters in that he has lost his left arm, still is a splendid shot. There are very few men with two arms who would like to tackle the ducks alongside of Ralphs for anything larger than a dinner bet. He uses a light gun and swings it with great facility with one hand, missing 'em occasionally, like every one else.

Sprigs were the prevailing bird in the Ballona as elsewhere. The mall came in strongly during the past week, and rather more "spoonies" are to be seen there than in some of the other districts.

The unusual number of mallards seen on some of the preserves has caused much comment among sportsmen, and considerable speculation as to the cause. These fine birds are unusually well represented, judged by a late year's standard.

**WATER IN PLENTY.**  
Favorable water conditions around Imperial and in the San Joaquin valley are believed to have something to do with the mallard supply. Years ago there is much shallow water and wide expanses of overflowed marsh are most favorable to the propagation of this species.

by shooters in the behavior of the ducks after the mauling they have just gone through. Yesterday afternoon the birds which were driven away to the east began to come back and were still pouring into the country and descending on the ponds at dark. Evidently they had struck out for Imperial Valley and liked not the going.

Most of the clubs are well off for water, this year, in Orange county at least. There is a vast pond acreage for the birds to see now, and it is doubt is a great factor in the present plenty of ducks in that section.

**DOVE OF PEACE.**  
**HOPE TO SETTLE FOOTBALL RULES.**

**FIVE COLLEGES ARE TO CONFER AT OCCIDENTAL TODAY.**

Faculty and Student Representatives Will Attempt to Frame an Agreement Suitable to All—Failure May Mean Split in Athletic Relations of Schools.

Representatives of the five southern colleges will meet this afternoon at Occidental for the purpose of discussing the strained athletic situation. Occidental, Pomona and U.S.C. are members of the conference which is to meet, and St. Vincent's and Whittier will be represented at the invitation of Prof. Sumner of Pomona College, chairman of the Conference Committee.

It probably will be determined today whether or not Occidental and Pomona will sever their athletic relations with U.S.C. St. Vincent's and Whittier, as they have threatened to do. The expectation is that unless all the colleges sign the conference rules, Pomona and Occidental will form their own agreement, and the remaining three colleges will abide by the dual agreements drawn up in their meeting last week.

Coach Walter Hempel and Casey,

Lester Metcalf, elected captain of Pomona football team yesterday.

## OAKLAND GETS EASY VICTORY.

Quitters Make Lucky Swats Off Pitcher Pernoll.

Hopkins Is Batted Freely, but Squeezes in First.

Referty and Heine Heimtucker Hit Home Runs.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Oct. 1.—(Exclusive Dispatch.) Oakland scored the most runs on the fewest hits on a decidedly easy game today. Pernoll was long on passes and that accomplished his downfall.

The very battery of the Commuters, Hopkins and Agur, was in far better trim, and but for the last inning, when Van Halteren's men gave a rather poor exhibition, held the northerners down to two runs. A home run by Agur for each team scored by Referty, the new center fielder, and Heimtucker, were among the features and assisted in producing a 7-to-4 score.

Oakland scored in the first. Lefty Mendenhall won the inning with a hit to left and was sacrificed along by Heine. With Van Halteren down, Eagan and Heimtucker walked, filling the bases. Righter drove through short scored two, and Devereaux sent the ball to the outfield for the third hit.

Pernoll's two-bagger drove in Kennedy for the first Portland run in the third, but the Commuters came back strong. Van Halteren walked, and Agur singled. Heimtucker kept the ball inside the third-base line, scoring Van Halteren and, with two out, a bad hit by Casey, with Hopkins up, scored Eagan and Heine.

The home runs by the opposing outfielders were long ones, and although Oakland won, they did not find very easily. With two out, Referty sent the ball down to the pitcher and Hopkins threw so wild to first that the ball was still rolling when the Judge was out second. He rested on third, and the next home by Johnson and his single.

Portland scored in the first. Lefty Mendenhall won the inning with a hit to left and was sacrificed along by Heine. With Van Halteren down, Eagan and Heimtucker walked, filling the bases. Righter drove through short scored two, and Devereaux sent the ball to the outfield for the third hit.

## FISH PRIZES AWARDED.

Biggest Fish of the Avian Season

Weighted Four Hundred and

Twenty-seven Pounds.

Prizes for deep sea angling at Catal-

ina were awarded yesterday by the

Tuna Club of Avalon, for the season

of 1907. The club has had a very pro-

perous year, in spite of the fact that

the big tuna, of the 100-pound and over

size, failed to put in an appearance.

To meet the new situation, a red tuna

outfit for a fifty pound fish taken

under the light tackle rule was in-

augurated. E. K. Polkinton was the

only angler to receive the new emblem

for a catch this year, but four but-

tons were awarded for catches made

in 1906 by Eddy, Potter, Sharp and

Streeter. Gold and silver medals have

been given Messrs. Harding and Stre-

eter for their sea bass and albacore,

respectively.

Thirteen boatmen who gaffed a fifty

or hundred-pound tuna under the new

rules have been presented with silver

medals inscribed "Tuna Club Gaffer."

To extend the protection of fish in-

augurated by the Tuna Club this

year a convention of angling clubs

throughout the country has been called

for November 11, and will meet in the

Museum of Natural History, in New

York.

Prize winners were as follows:

For tuna cup, largest red 599

pounds; won by E. J. Polkinton of

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Banks Closed Saturday Nights.

Los Angeles savings banks will not be open Saturday evenings hereafter and will close at noon that day like all other financial institutions.

#### Oye Much, Mas Little.

H. L. Gardner of this city, an employer of the Southern Pacific, filed a petition in bankruptcy yesterday in the United States District Court. His liabilities are \$1000; assets nominal.

#### Want Their Money.

Local creditors of Murphy & Byrnes, proprietors of the Stag bar at San Diego, filed suit in the Superior Court yesterday to recover about \$1000, allegedly due the plaintiffs—H. J. Jevne Company, Anthony Schwamm, J. J. Gane and the Levy Importing Company.

#### Manager Elected.

L. F. Parsons, of the Los Angeles Stock Exchange, was elected assistant secretary and manager of the organization yesterday. Parsons has had considerable experience with stock exchanges and the directors feel that in him they have obtained a valuable assistant.

#### Letter-Writer Held.

Edward C. Bittling, whose threatening missives to Miss Myrtle Baring brought him to grief, was arraigned before United States Commissioner Van Dyke yesterday and was held to await examination on Saturday. Unable to furnish \$1000 bail, Bittling was remanded to the custody of the sheriff. He is specifically charged with using the United States mails for illegal purposes.

#### "House" Elected.

The Los Angeles High School yesterday elected the one hundred members of the "House of Representatives," the body which controls athletics and the other activities of the school. Before any money can be spent for the school, the "House" must pass upon the matter. Although the State does not approve of student governing bodies, Principal Housh strongly favors them, on the ground that they create true school spirit.

#### Reception to Students.

The annual reception of the faculty of the College of Dentistry of U.S.C. to the students was held last evening in the assembly hall of the college building. A large number of guests were present, and enjoyed an excellent program of music and speeches. Frank M. Porter, dean of the College of Law, gave the welcome address. Dr. George P. Bovard, president of the university, and Dr. Charles B. Rockwood, dean of the dental department, also spoke.

#### September Weather.

A summary of the records of the Los Angeles Weather Bureau for the past month, as prepared by Local Forecaster A. B. Wellbaker, shows a mean temperature of 72 deg. The highest was 91 deg., the greatest daily range 23 deg. and the least daily range 13 deg. The lowest temperature was 54 deg. The prevailing wind blew from the southwest and the total wind movement was 3574 miles. The number of clear days was twenty and of partly cloudy days nine.

#### Wants Its Water.

The Kern River Company, a corporation operating a canal system radiating from the Kern River, filed a bill in equity yesterday against Alexander McDonald of Kernville, to prevent alleged diversion of water controlled by the plaintiff. It is set forth in the bill that McDonald gave a right of way to the Kern River Company for its canal system, and that later he began to dig along the side of the canal, undermining its banks.

## ADVANCE GUARD WILL SOON SAIL.

### CRUISERS TENNESSEE AND WASHINGTON NEARLY READY.

Admiral Sorensen Will Raise His Flag on Former in Few Days and Vessels Will Then Start on Long Cruise Around Cape Horn to San Francisco.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Oct. 1.—Rear-Admiral Sorensen, who will command the special service squadron, composed of the armored cruisers Tennessee and Washington, was at the Navy Department today, in conference with the officials in regard to the cruise of that fleet from New York to San Francisco as the advance guard of the battle-ship fleet.

It was arranged that Admiral Sorensen should raise his flag on the Tennessee at New York on the 8th inst., and start on his voyage as soon as his ships are ready. Both vessels are being fitted out at New York and will be ready to sail in a week or two. The change of commanders recently ordered will go into effect in a few days and not later than October 8.

The vessels will follow the course taken by the cruiser St. Louis, which recently arrived at San Francisco from New York and the commander of which, Commander Usher, has already supplied all the essential details regarding harbors, coaling, docking facilities, etc.

### LINCOLN-ROOSEVELT CLUB.

At a meeting in Wood's Hall, Highland Park, last evening, the First Ward Lincoln-Roosevelt Republican Club was formed, with the following officers: President, P. W. Furber; secretary, C. H. Randall; first vice-president, A. W. Cleaver; second vice-president, J. T. Pope; third vice-president, W. C. Mendenhall. About sixty men attended the meeting, of which W. F. Poor was temporary chairman. Addresses were made by State Senator Charles W. Bell, Lee C. Gates, Attorney Leslie R. Hewitt, Marshall Stinson, President Griffin of the Highland Park Park, and others.

### LEG BROKEN IN SLEEP.

Lying beneath the Aliso-street bridge in the Los Angeles River bed, Chong Jling, an aged Chinese man residing in Monrovia, was found last night suffering from a fractured leg. While asleep on a car hing arose and walked off the rear platform. He fell through the space between the flies twenty feet down to the river bottom, and alighted on a pile of rocks. Hing remembers that he fell asleep, but nothing further.

### REFORM IN CHINA.

LONDON, Oct. 1.—A special dispatch from Peking says the Dowager Empress has issued a decree declaring the government of China to be a constitutional monarchy.

## TAKES "MALLET CURE," DIES WITHIN AN HOUR.

Widow Says Chiropractic "Doctor," Once Arrested in Similar Case, Tortured Her Husband by Driving Drill in Spine—Coroner Will Investigate.

YESTERDAY afternoon Dr. Thomas Storey, a chiropractic doctor of No. 1503 Reid street, administered particularly heroic treatment to Domenick Premus, a farmer near San Bernardino. Less than an hour afterward the patient died, suffering intensely, at No. 455 Jackson street.

The widow declares Storey tortured the sick man by inserting a heavy wooden drill between the spinal vertebrae and pounding it with a heavy mallet; that the doctor placed his hands on the spine and jumped up and down, throwing his whole weight on the small of the back.

Coroner Lanterman will hold an inquest today and look rigidly into the methods of the doctor, who is practicing without a license, according to Dr. F. S. Barnard, local representative of the State Board of Medical Examiners, "chiropractics" being not recognized by the California laws.

Times reporters called on Storey last night and found him at home, but his daughter told them he had gone out for a walk, after a whispered consultation with him. His house was called repeatedly by telephone during the evening, to get his version of the case, but at midnight he was reported still "out walking."

Crazed with grief and with the horror of her husband's death still fresh in her mind, Mrs. Premus, widow of a few hours before, sat at the side of her dead husband yesterday. She seemed to believe firmly that the treatment accorded her husband by the chiropractic had caused his death. She explained that Premus was suffering only with a slight affection of the kidneys, insufficient of itself to bring death.

"I may be wrong, but I cannot help it," she said. "My husband was treated in the same manner you would treat a flagstone. He was beaten with a mallet. His bones were massaged with instruments of torture and a heavy wooden drill was inserted between the vertebrae of his spine and then pounded with a mallet. I will attend this case as far as I am able to see that the man responsible for my husband's death is punished." The stories told of the methods of treatment pursued by Storey are like the stories told of the tortures of the Spanish Inquisition. He was arrested about a year ago on a charge of maltreating a patient and was fined \$100. Men and women patients were suspended from the ceiling by means of a harness while a heavy mallet was applied in no tender or gentle manner to various portions of their anatomy.

"DRILL" TREATMENT. The drill treatment was used on Premus on five different occasions, according to the statement of his widow. Dr. Storey inserted that wooden plug between the vertebrae and struck it with the heavy wooden mallet with terrific force.

Following that, the "spring" treatment was accorded the patient, the practitioner placing his hands on the sick man's spine and jumping up and down, throwing his entire weight upon the small of the back.

Such practice was carried on in Pico Heights while representatives of the State Board of Medical Examiners, sure that Storey had remained in the city, after failing to get a license, were eagerly searching for him to prevent just such a tragedy.

Premus walked to the car from his boarding-house yesterday morning. He apparently was able to walk with ease. He talked in a rational manner, only complaining occasionally of a pain in his spine.

He entered Dr. Storey's office at just 10 o'clock. He was there fifteen minutes, during which time his spine was thumped with the mallet.

An hour later he stretched himself out upon the bed at his temporary home on Jackson street and, placing his hands to the spot in his spine where the wooden gouge had been jammed, began to moan.

DIED IN GREAT AGONY. Before his wife could give him aid he went into convulsions, screaming and claving at the injured spot on his back.

Finally, with a cry, he leaped clear of the bed and rolled to the floor. He was dead before those not ten feet distant from him could reach his side.

"My husband had been suffering with kidney and liver trouble," said Mrs. Premus, yesterday.

"He had been taking a little herb medicine from Chinese physicians but that did not seem to do him any good and at the advice of a friend he decided to visit this Dr. Storey. We were living on a ranch near San Bernardino. He was hale and hearty and capable of doing a big day's work. He just decided that this Storey treatment might help him a little and he came to Los Angeles four weeks ago. Three days later he returned to San Bernardino. He seemed to be in fair condition but complained of a weak back."

"A week ago last Sunday I returned to Los Angeles with him. We decided we would see the treatment through. On Monday he visited the physician alone. I cannot tell what happened then."

FOUNDED WITH MALLET. "Tuesday morning, he asked me to DAILY STRAW VOTE.

Following is a straw vote of tenants and visitors in the Lanterman building on the success of President Roosevelt: REPUBLICANS. Taft, 34. Hughes, 11. Root, 2. La Follette, 1. Cortelyou, 3. DEMOCRATS. Bryan, 14. Johnson, 6. Hearst, 1.

## BURKS WOULD QUIT THE JOB.

Tenders Resignation as Member of Ocean Park Board of Trustees.

There was a surprise in Ocean Park late last evening, when Dana Burks tendered his resignation as president and member of the Board of City Trustees of that still-incorporated municipality. In giving official notice of his desire to be rid of the duties of a municipal officer, Mr. Burks said:

"Kindly accept my resignation as president and as a member of the Board of Trustees of the city of Ocean Park. I desire to express my appreciation of the cordial relations which have existed between us, and extend to each member assurance of my esteem and confidence. I am called East, and upon my return would not be able to spare from my business the time required to properly fill the office from which I now desire to be relieved."

No action was taken on the resignation, as some contracts for public improvement are yet to be signed. This matter will receive attention at a special meeting to be held this evening.

## UNEARTHED OF VICE FILE SUIT.

DETECTIVE FIRM WANTS MONEY FROM DR. BULGIN.

Evangelist Who Saves Souls With Aid of Sleuths Accused of Service of Papers With Great Dignity—Entertaining Allegations About Providing Ammunition for Revivals.

Dr. E. J. Bulgin, famous as the evangelist who saves souls with the aid of a force of detectives, has been sued by two of his sleuths.

Papers were served upon him yesterday as he was saying farewell to a number of friends at Arcade Station, preparatory to leaving for Sacramento.

The plaintiff is the detective firm of Blair & Blair, whose members assert that Bulgin owes them for unearthing about \$24 worth of vice to be used for ammunition in his evangelistic campaign in Covina.

The detectives claim to have performed all the rubber-soled work of Bulgin's various episcopal campaigns, beginning with the disastrous one at San Jacinto, when the evangelist first introduced his startling methods into Southern California.

When he began his work here, he called upon the Blair detective agency and had it send men into the San Jacinto district to become acquainted with the groggeries, "blind pigs" and houses of easy virtue supposed to exist there.

Accordingly, when his series of revivals opened, he electrified and shocked the staid inhabitants of the place by getting up in meeting and denouncing the lawless and immoral running of a blind pig in the back of his store, and that the morals of Mrs. Jimmie Smith's boarding-house couldn't do. The town was almost thrown into nervous spasms, and merely existed from meeting to meeting.

The detective firm alleges, however, that Mr. Bulgin relied more on his intuition than on the reports of the detectives, and that in more than one instance the detectives had reported a house to be moral and decent, only to find Bulgin proclaiming it from the pulpit to be bad.

San Jacinto became so worked up over the continued exposure that a committee was formed to take over the village paper and have a regular housecleaning of vice and wickedness.

A result was a storm of libel suits. Mayor Tanner objected to being called a "bag of wind"; to having it said that he was a "blind pig"; and his supporters were afflicted with "Tantritis." He got \$500 damages.

In Ansa the evangelist started an "anti-sleuth" campaign, claiming that the detectives had reported a house to be moral and decent, only to find Bulgin proclaiming it from the pulpit to be bad.

The agency avers that Bulgin again retained it to help bring the Night of Piety into Covina, where experiences were strenuous.

The revival sleuth got acquainted with the gamblers and with the "blind pig" men, but was found out and the gamblers ironically caused his arrest for violating the law. So Mr. Bulgin's light was somewhat clouded at Covina. When the campaign was over, the Blair say that Mr. Bulgin told them to look to the church revival committee for payment, and the church committee told them that no employment of detectives had ever been authorized.

From somebody the detective firm wants \$5. Hearing that Mr. Bulgin was about to leave for Sacramento to open another campaign, it filed suit and an officer rushed down to the station to serve the papers.

## EARLY START ON HILL HOLE.

Monday May See Dirt Flying on Trolley Tunnel.

Los Angeles-Pacific Project Soon Free of Kinks.

Quick Decision Looked for in Third-Rail Case.

The Los Angeles-Pacific Railroad Company will lose no time in changing its narrow gauge tracks to standard, in driving a great subway at the head of Hill street through the hills, and in building a magnificent passenger station on Hill street between Fourth and Fifth.

By Monday of next week it is expected that a steam shovel will be tearing into the hill just north of First on Hill street. Fully five hundred men will be engaged in the work.

This is the gist of a statement yesterday by General Manager T. R. Gabel of the railroad company.

Sharp revival of the improvement plans came with the granting by the courts of an interlocutory decree in condemnation of property of the Redmen's Association on North Hill street, where the company plans to drive its great bore. The value was fixed at \$2400. The company's attorneys expect to have the decree made permanent today.

A big steam shovel and an army of men will start operations immediately after the final settlement of this dispute. Dirt should fly by Monday on the city streets in order to standardize its system, workmen have prepared everything for the third rail almost to the city limits. About eight inches on one side of the present roadbed has been cut away and longer cross-ties inserted. This has not come under the technical head of laying a third rail.

ALL READY FOR STEEL. Thus, while the city government has technically tilted the attempt to lay a third rail, the work has suffered little from the tangle. It will require little time to lay the steel should the dispute be settled, as expected, in favor of the company. A final court decision is looked for about the middle of this month.

At the same time the company has been bothered considerably over the attempt to show that it had no legal right on Hill street north of Fourth, but the officials say they will be given a hearing Monday on their application for a franchise on this street. They expect little trouble in securing the franchise. It will be open to competitive bidding, but the franchise is worth little to any other corporation but the Los Angeles-Pacific.

Fifty standard gauge cars already have arrived from the factory for use on the broad gauge lines and will be fitted for service as soon as the various entanglements are straightened out. Building of the big passenger station will suffer no delay, although the standard gauge lines and modern cars will be in operation long before the completion of the structure.

## SONG TREAT PROMISED.

Chorus of Three Hundred Voices to Take Part in the German Day Festivities.

One of the chief features of the German Day celebration which the members of the German-American Alliance of Los Angeles will hold Sunday and Monday, will be the concert work of the Maennerchor composed of the singing section of Turnverein Germania, the Fidella and the Arion singing societies.

The combined chorus will number more than 300 voices, all under the direction of Henry Schoenfeld. In addition to the Maennerchor a festival orchestra has been provided for, which will take part in the concert. Most of the music rendered will be that of the German composers. Both Sunday and Monday the concert will begin at 8 o'clock in the afternoon and at 7:30 o'clock in the evening.

The work of building the miniature German village is being hurried along and Chutes Park is undergoing a complete transformation. Booths are being erected and the "streets" are being lined with painted canvas scenes representing old-fashioned German houses.

## "BAIL IN!"

## TEN-MILE HARBOR AT DOOR OF CITY.

CREATION of over ten miles of harbor frontage to be owned by the city of Los Angeles, to be within ten miles of the city proper, in the "hoisting strip," is the mammoth project which will be submitted soon to various commercial and civic bodies.

Quiet progress has been made in the last few weeks in the matter of a ship canal to connect the upper and lower portions of the harbor with the suggested location of the proposed municipal harbor.

Several public-spirited citizens are negotiating with the owners of the Rancho San Pedro for an option on 1200 acres, including the upper and lower portions of the harbor, which will be placed before the Chamber of Commerce, Merchants' and Manufacturers' Association and other bodies for approval.

Men interested in the plan believe the city should undertake the building of the ship canal, and gain the ten miles of valuable water-frontage that is in view—a possession that in time not only would pay for itself, but in addition, would yield a handsome revenue.

## RICH STRIKE OF OIL.

Eight Hundred Barrels a Day Flow from New Well in the Sherman Field.

The latest strike of importance in the Sherman oil fields is well No. 138, on the Arcturus lease of the Amalgamated Oil Company. The vein was struck last Thursday, and since that time there has been a steady flow from the well averaging 800 barrels every twenty-four hours.

The well is located in the northwest corner of the Arcturus lease and is the eighth that the company has sunk in the field. As soon as the drill broke through into the vein the oil began rising to the surface and has continued to flow over the top of the casing without being forced up in any way. The well is not a gusher in the usual acceptance of the term and apparently there is little gas pressure behind the oil which flows out.

The quiet manner in which the oil flowed from the well at the very start made it possible to conserve practically the whole supply and no difficulty has been experienced in handling it.

A test of the oil from the new well shows it to be of good grade, containing 17 gravity, Bunker scale. About 2400 barrels of oil have been taken from the well since the strike was made but the flow shows no sign of stopping out and the drillers believe that it will continue for an indefinite length of time.

All the wells surrounding No. 138 have turned out good and several of them have been pumped for three years and are still producing without signs of exhaustion.

## TO ESTABLISH SCHOOL HERE.

SANTA FE WILL TRAIN MEN AND WOMEN IN TELEGRAPHY.

Applicants for Tuition Charged Nominal Fee to Insure Good Faith, but This Will Be Refunded After Six Months' Satisfactory Service With Company.

For some time the Atchison, Topeka and Santa Fe Railway Company has maintained a system of apprenticeship which includes the educating of young men for telegraph operators. This has been productive of such excellent results that it has been decided by the company to establish a telegraph school at its La Grande Station where young women as well as men will be taught. It is hoped by the Santa Fe to secure in this way operators enough for its own service, the demands of which are steadily increasing. Often operators trained in its school are assigned to higher positions.

To insure good faith on the part of the applicants, it is proposed to charge a tuition fee of \$10 for each student, however, will be refunded if the student graduates, accepts a position with the company, and gives satisfactory service for at least six months. The regular dispatching circuits as well as other local wires of the railway company will be "cut" into the telegraph school and the students will be thoroughly instructed. In charge of the school there will be a competent operator and dispatcher who is, at the present time connected with the telegraph department of the Santa Fe.

## LIVELY PIONEERS.

Old-timers Hold Interesting Session and Plan Much Activity During Winter Season.

A lively winter's campaign has been inaugurated by the Los Angeles County Pioneer Society. It plans not only to give a series of interesting meetings and entertainments, but to increase its membership by gathering in all the pioneers available.

At the meeting last night at Caladone House, a special committee was appointed to ascertain the names of pioneers who are not connected with the society and to urge upon them the importance of membership. President J. C. Depp stand during the past week he had secured a list of more than 150 persons who should belong to the society. Twenty candidates were proposed for membership last night.

The following were elected directors: W. H. Workman, Frank Walker, Mrs. E. G. Grover, J. S. Barnes, Mrs. J. G. Newell, G. S. Foster, J. D. Young, J. L. Starr and Dr. H. S. Orme. Committees for the new year were appointed and a special committee was appointed to arrange for a Thanksgiving entertainment, which will probably take the form of a banquet at the Caladone.

During the evening a musical program was rendered by Miss Helen Davis, Grover, and Miss Cecilia Orme, and there were readings by Miss Florence Horner and talks by pioneers.

## TEN-MILE HARBOR AT DOOR OF CITY.

Should the city not undertake the work, it is said that several men of large means will take it up for private profit.

As outlined in The Times several weeks ago, the proposition is to cut a canal directly through the hills to the sloughs to the end of Wilmington Harbor. There is no engineering obstacle, it is said. With a dredging of the sloughs, lumber vessels and watercraft will have access to a large expanse of water frontage suitable for wharves and manufacturing enterprises.

From the lower part of the Bixby slough, it is hardly more than half a mile to the head of the inner harbor at Wilmington. It is here that the deepest cut would have to be made for a canal leading to the great basins known as Bixby and Nigger sloughs. The former is about a mile and a half in width. The deepest cut above low-water mark would not be above thirty feet, and for only a comparatively short distance. For most of the distance, the proposed canal lies only a few feet above low-water mark. Much of it is covered with ocean water at extra high tide.

Reclamation lands also are proposed. The increase in valuation of these lands, it is claimed, would be enormous.

# ONCE-A-YEAR SESSION URGED.

Head of Woman's Parliament Suggests Change.

Anniversary Meeting Draws Large Attendance.

Little Bird Tells Secret of Young Assistant.

The sixteenth annual session of the Southern California Woman's Parliament opened with a large attendance of club women yesterday morning at the Cannon Hall, No. 1200 South Figueroa street. The programme was inaugurated with the singing of "Nearer, My God, to Thee," followed by an invocation by Rev. Eliza Tupper Wilkes, after which reports of officers and delegates were given.

The feature of the morning was an address by the president, Mrs. O. Sheppard, who urged that the parliament hold but one meeting a year, instead of two, in order that members might devote more time to investigation and other important work.

"I want the parliament to be for Southern California what the general federation is for the nation," she said.

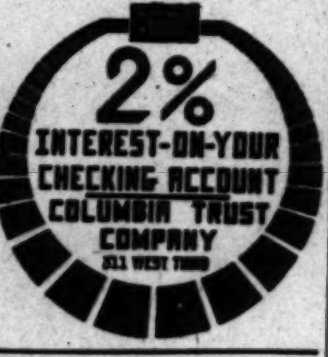

Frank O. Tyrrell spoke on "County Citizenship," and the morning programme closed with vocal selections by Miss Charlene Welch and Miss White.

Luncheon was served at noon by the

# Constitution Shortened.

Afternoon session of the Southern California Woman's Parliament was held at the Cannon Hall, No. 1200 South Figueroa street, yesterday afternoon. The principal feature of the session was the reading and discussion of the proposed amendments to the constitution of the organization. The amendments were proposed by Mrs. L. B. Hogue of Los Angeles, who spoke for Mrs. Dudley. She told of the systematic training recently introduced at the Oxnard and Ventura schools and of the good it is doing.

Speaking of benefit received, she told of two boys who had been incorrigible but who were kept out of mischief by their talents put to use in the jobs for the townspeople.

Subject of girls also was touched upon by the speaker, who said: "At forty-eight and thirty, more need of investigation and investigation, and reforming, providing they can find what they want, are invited to visit 'Ramona Acres' with a view of purchasing it, upon examination, it is found satisfactory."

We furnish maps and tickets free and extend every courtesy. "No trouble to show goods." Local agent, The Emerson Realty Company, 418 South Spring street, 20-30 Delta Bldg., Los Angeles, Cal.

At the parliament. The news was received with a great deal of interest. She is a graduate of Cannon School, and is an exceptionally pretty young woman. Miss Yothers and her betrothed, who have kept their secret closely guarded, will be married Saturday in one of the city churches. The young people will make their home at No. 609 South Grand avenue, where they will receive their friends after November 15.

# "Ramona Acres."

"Ramona Acres" is now only twenty minutes away from the heart of Los Angeles on Mr. Huntington's new "Covina" line. It is not remarkable that any one will buy or build a home in Los Angeles when they can secure one of these "Ramona Acres." Every lot is a corner lot. Every lot an acre. Every lot supplied with pure artesian water. Taxes less than one-tenth what they are in the city and yet only twenty minutes away. Homeable building restrictions. Comfortable and curb.

It has the best soil in the world, grows everything in the vegetable and floral kingdom, and beyond question is the most beautiful portion of the San Gabriel Valley. Lots that you can buy today for \$100 or \$150 will, within a few years time, be cheap at \$500.

Parties really desiring to purchase property, providing they can find what they want, are invited to visit "Ramona Acres" with a view of purchasing it, upon examination, it is found satisfactory.

# Caught Stealing

A few days ago we had a dealer arrested and are now prosecuting him for putting another—cheaper—beer into our bottles and selling it as Schlitz.

Substitution robs you as well as us.

Our yeast is distinctive; no other brewery's is the same. It is developed from an original mother cell brought to this country by one of the founders of our business.

Our grain and our hops are selected from the best that is grown. We pay more than our "just as good" imitator to get a quality better than he thinks is "good enough" for his beer.

The theft of our name—giving you another beer when you think you are getting Schlitz—is what robs us.

You think you have had Schlitz—are disappointed and may not ask for it again—therefore, we are most anxious

that you get our beer and not a substitute. So we say

# Schlitz

The Beer That Made Milwaukee Famous.

Ask for the Brewery Bottling. See that the cork or crown is branded Schlitz.

# "Cravenette" Rain Coats

All you really need to know, is how to tell a "Cravenette"

when you see it—and you can do so by observing the following: This circular registered trademark

is stamped on the cloth and this silk label is at the collar or elsewhere.

Look for the stamp and label and insist upon seeing them for unless they are both there, the garment is not a Genuine "Cravenette"

We will send booklet telling all about "Cravenette" Cloths if you write us

MUSIC AND  
THE STAGE.

"A Tale of Two Cities" lends itself to the high color and romantic atmosphere of the stage than any other Dickens novel. The main plot has an inherent dramatic quality about it, and, utilized in some way, adaptation under the title, "The Only Way," forms the basis of a logical play than most of the literary offerings of "romance" of any action.

It Port is again serving as a vehicle for the Balasco company. It was produced in detail in these columns last local production.

The nature as Sydney Carton, whose best effects—not in the usual revolutionary tribulations, but in the quieter scenes of covered in and concealed passion, where the terrible end of the play is reached.

Scott is a forceful and thoroughly acting as Defarge—both in the play and in the play itself.

## CHILDREN'S AND MISSES' GARMENTS REDUCED ONE THIRD

A thirty-three and a third per cent. reduction goes into force, beginning today, on children's and misses' wash and wool dresses, coat suits and separate coats; a stylish line of carefully-selected models for little girls and their older sisters.

To facilitate the display of these goods, they will be sold in our Cloak and Suit Section, Second Floor. The chance is one no mother of girls will want to miss.

## New Wool Goods Decisively Reduced

In the Broadway windows to the south side of our main entrance, you will see this week examples of the smartest wool stuffs which will be used this autumn and winter for skirts, coats and tailored garments. And just for your better acquaintance with this splendid Section, these three special offerings, which hold good throughout the week:

- I. Chiffon broadcloths in every new color—wine, Burgundy, Elephant breath, London Smoke, Copenhagen, etc., values \$2 to \$3, for \$1.45.
- II: Fancy suitings, showing checks, stripes, two-color plaids, and plain herringbone effects; values to \$1.75; \$1.00.
- III: Fancy and plain voiles, in the season's best new colors; values \$1.25 to \$1.75, \$1.00.

## ALL-SILK PETTICOATS, \$8.50

We are just in receipt of a handsome line of all-silk petticoats, with silk drops, full cut and well tailored, to sell for \$8.50—a price within the reach of every prospective purchaser of such garments.

Every petticoat is accompanied with a wear guarantee; you may obtain nearly any color, or black.

## Neckwear 25c Worth 35c to \$1

Another of the neckwear sales which have made us favorably known for unusual values. Included will be Beau Brummel fronts, jabots, bows, stocks, chemises, collar and cuff sets, turnovers, coat sets and lawn ties; all of fine materials, well made and up to date—but we haven't enough of any one sort to call stocks complete; hence the lowered price—25c each for 35c to \$1 articles.

became, almost, a matter of  
what the police acting under  
the Council had deprived him  
means of livelihood when he  
moved away from the corner.  
He told how his wife was dy-  
he could not move from Pa-  
he showed how he was being  
the respondent, "I reckon there  
a crowd in the business if the  
fixes the license at \$100 per

SHING" THE COUNCIL.  
the local paper comes out  
statement that the Sunset Tel-  
Company has offered a gift of  
to the city in its recent pro-  
give the municipality the use  
two ducts in its underground  
and space on one crosser in  
wherever necessary. It is  
Municipal Light Superin-  
C. C. Glass is the authority  
the figures. The city has  
tax each pole within the city  
the rate of \$2 per year, and  
pays after this compromise.  
later, after reading the story,  
Light Superintendent Glas-  
joshing the Council and the  
or his pen slipped when he  
the figures, as the Council  
think of robbing a company  
Sunset of \$250,000, because it  
much easier than that," said

KING ON GOOD ROADS.  
are progressing finely in the  
of good roads. It is yet, to  
state definitely what will be  
decisions of the commission,  
learned that the members  
actually decided to build a  
"Boulevard" from Los Angeles  
San Bernardino line, and that  
highways are practically out-  
Los Angeles to San Bernar-  
Pedro, Long Beach, Fullerton  
ly.

Yesterday was spent in a trip  
was. The commission started  
Los Angeles, and went through  
pass, up Rose avenue, and over  
San Bernardino road to Po-  
sance east as far as Rowland,  
north to Covina.

a place the commission was en-  
at luncheon at the club and  
the Citrus Boulevard to the  
Boulevard, and then to Asus-  
to Bassett, and then into  
reles again by Vernon avenue.  
considerable of a trip for one  
gives an idea of what could  
with an automobile if the  
were improved. It is understood  
is the intention to improve the  
Boulevard so as to take in  
A. Asus.

Dimas, and all those towns. Today the  
commission goes to San Pedro to meet  
the San Pedro Chamber of Commerce  
and figure out with them a road  
through the shoeing district from  
Los Angeles to the beach city.

PASADENA NEWS NOTES.  
Mrs. J. McCoy, mother of Dr. A. D.  
J. McCoy, returned yesterday from a  
trip of more than three months to  
Lake Tahoe, San Francisco and north-  
ern points.

Yesterday Mrs. and Mrs. Byron S.  
Harvey concluded a visit to Mrs. Har-  
vey's parents, Mr. and Mrs. C. D. Dag-  
getts. They have returned to Chicago  
for the winter. Miss Maud Daggett  
accompanied them, and will spend the  
winter in Chicago with her sister, and  
will resume her course  
under the direction of Lerada Taft.

Fire destroyed the California-built  
residence occupied by J. D. Keller at  
No. 223 East Dakota street, owing to  
the condition of Dakota street, when  
paving for improvement is underway,  
the engine stalled and the house was  
a total loss.

Lewis R. Freeman has returned from  
a three-year visit to the Orient, and  
is with his mother at No. 17 East Cal-  
ifornia street. Mr. Freeman has the  
choice to be Washington correspond-  
ent for a syndicate of South American  
papers or to visit the island hotel  
of the South Pacific on a tour of dis-  
covery on his next trip abroad.

C. H. Hamilton of No. 590 East Cal-  
ifornia street has also returned from  
a trip to Japan, and he says the Mi-  
ami Hotel, consider that John D.  
Rochester will soon become the most  
powerful industrial and financial force  
in the island empire.

Result of Disincorporation Election  
Is Not Followed by the Waving of  
the Olive Branch—Talk of Con-  
solidation of the Pasadena Settlers  
With Santa Monica.

VENICE, Oct. 1.—The city of canals  
is today slowly recovering from the  
effects of the disincorporation election  
of Monday; but there is nothing stir-  
ring. The Abbot Kinney Company has  
already entered upon a policy of re-  
trenchment and the Venice of Amer-  
ica is taking a rest. There will  
be Saturday and Sunday concerts, but  
during the week the attractions will  
center about the dancing pavilion.

While the "antile" and their friends  
were busy last night at the north end  
of the city, celebrating their victory,  
the defeat of disincorporation, and vic-  
tication, the Venice Chamber of Com-  
merce held an impromptu meeting at  
the auditorium in celebration of its  
success in securing a majority of all  
votes polled.

FOR LONG BEACH Y.M.C.A.

Fifteen Hours' Exertion Results in  
Addition of Three Hundred and  
Twenty-five Names to List of Mem-  
bers—Italian Knife and American  
Revolver in Opposition.

LONG BEACH, Oct. 1.—As a result  
of fifteen hours of hustling yesterday  
the Young Men's Christian Association  
added 225 new members to its  
rolls.

For the past week efforts have been  
in progress to make yesterday a red-  
letter day in the annals of the associa-  
tion, 200 being the high mark aimed  
at, and the actual attaining of over 200  
per cent. more than this was the cause  
much rejoicing last night at the as-  
sociation rooms. As the night grew old,  
the arrival of each new recruit was  
greeted with enthusiasm.

As early as 7 o'clock forty-five busi-  
ness and professional men began the  
work of securing new members, and  
at 8:30 last night the rolls showed  
218 new additions. The auto owned by  
Ralph Churchill was kept busy making  
trips to recruit new members, and  
young men, who were ruthlessly  
dragged from bed, and induced to  
agree to being enrolled in the Y.M.  
C.A. Their consent given, they were  
hustled into the auto and brought to  
the association building. The last man  
was rolled out of bed at 10:30, and  
at 11 o'clock the contest was closed.

GUN, KNIFE, ETC.  
Marco Vesella, director of the Ital-  
ian bank, and Special Officer W. D.  
Cason, between whom a vendetta ex-  
ists as a result of Cason being arrested  
and fined last week for an alleged  
revolver, had a quarrel last night,  
and Vesella was arrested on a  
warrant against Cason, who he  
said, followed him along the Pike and  
drove a knife into his back.

The Los Angeles and Redondo Rail-  
way Company is steadily adding to its  
equipment of freight and passenger  
cars, all made in local shops under  
the management of W. A. Goble.

Mr. and Mrs. Frank McKern and  
Mrs. McKern's mother, who have spent  
the summer in Redondo have returned  
to their home in Riverside.

FUNDS FOR NEW COUNTY.  
Subscriptions for Raising Them Be-  
ing Taken in Pomona by  
Committee.

POMONA, Oct. 1.—The local board  
of Trade's committee of twenty-five is  
at work now raising by subscription  
\$100,000 to provide a county Court-  
house, in case Pomona is selected as  
the county seat of the new county  
which is being formed. The commit-  
tee decided to provide the needed funds  
before the election is held, so that the  
money may be ready for use whenever  
it is needed.

Dr. Clarence G. Toland left today for  
Chicago, where he will take a special  
train to attend to the business of his  
firm. He leaves a wife and three  
children. He was secretary of Long  
Beach lodge of Masons, and regent of  
local council of the Royal Arcanum.

The firm of Todd & Windham, realty  
operators, was dissolved today, neces-  
sitated by the death of the late Wm.  
general supervision of the dredging  
operations of the Los Angeles Dock and  
Terminal Company's inland harbor.

The Merchants and Manufacturers' As-  
sociation has pledged \$100,000 toward  
the expense of dredging San Pedro Slough,  
completing the project.

The City Trustees having appropriated a  
like amount, Capt. Gridley, of the  
United States Army, who has been in  
charge of the work in thirty days,  
cleaning out about a dozen sand  
bars and making an average depth of  
four feet.

Contractor Mercer is laying  
tracks on the west jetty at the mouth  
of San Gabriel River, preparatory to  
dumping rock, the contract for which  
has been let.

Orral Sweet, son of William Sweet  
of West Long Beach, was killed in a  
game of baseball yesterday, was an  
identical struck behind the ear with  
a bat in the hands of Ralph Mitchell,  
proving conclusively that the ball,  
which it is feared will prove fatal.

At a meeting of the Merchants' and  
Manufacturers' Association last night  
the directors of the city of Long  
Beach, W. C. Smith, W. F. Pascoe, W.  
H. Wise, E. T. Harrell, J. S. Fevins,  
and others were present.

Highway to Harbor.  
Plans Formulated for the Building of  
One from Los Angeles to  
San Pedro.

SAN PEDRO, Oct. 1.—The prelimi-  
nary plans looking to the building of a  
highway between San Pedro and Los  
Angeles are being formulated. A let-  
ter was received yesterday from George  
H. Bixby, a member of the Los Angeles  
County Highway Commission, by  
W. C. Miller, secretary of the local  
Chamber of Commerce, stating that  
President Daggett of the commission,  
accompanied by members of the Board  
of Public Works of Los Angeles, will  
arrive in San Pedro to confer with citi-  
zens relative to the highway about  
noon of today.

The British ship Dunfermlire has  
arrived at Port Los Angeles from  
Newcastle-on-Tyne. She brings a cargo  
of coal, iron and other goods. The  
ship's company is also in port from  
Newcastle, Australia.

GOLDFIELD MAN DEAD.  
The funeral of William Bell of Gold-  
field, who died last night at his tem-  
porary home on Dwight avenue, will be  
held Thursday afternoon. He was a  
sufferer from tuberculosis and recently  
came to the beach for the benefit of  
his health. He was County Coroner  
and had for several years been a  
member of the Peace at Gold-  
field.

Autopsy shows that the two Ser-  
bian political prisoners who were killed  
at Belgrade yesterday were the vic-  
tims of police ferocity, and the war-  
rents of the prisoners had been seized  
by the police. Troops patrol the street,  
as feeling runs high against the reg-  
ime government.

ALLEGED INTRIGUE.  
PLOT TO FORCE

REDONDO POLITICIANS.

Redondo City Officer, in Care of  
Work of Giving Grades, Planning  
Municipal Improvements, and Vari-  
ous Activities of the Town, Ten-  
ders His Resignation.

REDONDO, Oct. 1.—At the regular  
meeting of the Board of Trustees held  
last night the plans of Architect C. H.  
Russell for the proposed City Hall and  
fire house were conditionally accepted  
and will be adopted if the proposed  
building can be built within the limit  
fixed by the board, which is in the  
neighborhood of \$25,000. The clerk  
was instructed to advertise for bids  
according to Mr. Russell's plans.

The resignation of A. A. Henderson  
as City Engineer was accepted and R.  
O. Hanson, assistant City Engineer,  
was appointed to fill the vacancy. The  
resignation of Mr. Henderson came as  
a surprise to his many friends and to  
the city at large. Behind this move it  
is said by some who are supposed to  
know is the matter of the appointment  
from political and other influences of  
Olmsted & Gillespie as constructing,  
designing and estimating engineers on  
the proposed \$30,000 sewer system  
which is to be built here, the money  
for the same being at present in the  
city treasury.

Plans for the sewer system were  
made by Mr. Henderson as well as  
many of the details and at the ap-  
pointment of the board it was under-  
stood that he was to do the work as-  
sisted by the local force and the en-  
surance if necessary of expert advice,  
but was to have charge of the entire  
work. The board's action in thus re-  
placing a man who is familiar with the  
local conditions has created consid-  
erable adverse criticism.

REDDONDO RIFLES.  
The following vessels are at present  
in port: Schooner J. H. Bruce, steam-  
er Alcatraz, steamer Vanguard, schooner  
A. M. Campbell.

There are loading for Redondo:  
Schooners Ruth E. Godfrey at Muk-  
levis, Asala at Everett, Allen, and  
Mary Dodge at Monterrey. The bark-  
entine Garden City is taking on a cargo  
at Astoria, and the steamer Nome  
City at San Francisco.

The Los Angeles and Redondo Rail-

Mrs. McKern's mother, who have spent  
the summer in Redondo have returned  
to their home in Riverside.

FUNDS FOR NEW COUNTY.  
Subscriptions for Raising Them Be-  
ing Taken in Pomona by  
Committee.

POMONA, Oct. 1.—The local board  
of Trade's committee of twenty-five is  
at work now raising by subscription  
\$100,000 to provide a county Court-  
house, in case Pomona is selected as  
the county seat of the new county  
which is being formed. The commit-  
tee decided to provide the needed funds  
before the election is held, so that the  
money may be ready for use whenever  
it is needed.

Dr. Clarence G. Toland left today for  
Chicago, where he will take a special  
train to attend to the business of his  
firm. He leaves a wife and three  
children. He was secretary of Long  
Beach lodge of Masons, and regent of  
local council of the Royal Arcanum.

The firm of Todd & Windham, realty  
operators, was dissolved today, neces-  
sitated by the death of the late Wm.  
general supervision of the dredging  
operations of the Los Angeles Dock and  
Terminal Company's inland harbor.

The Merchants and Manufacturers' As-  
sociation has pledged \$100,000 toward  
the expense of dredging San Pedro Slough,  
completing the project.

The City Trustees having appropriated a  
like amount, Capt. Gridley, of the  
United States Army, who has been in  
charge of the work in thirty days,  
cleaning out about a dozen sand  
bars and making an average depth of  
four feet.

Contractor Mercer is laying  
tracks on the west jetty at the mouth  
of San Gabriel River, preparatory to  
dumping rock, the contract for which  
has been let.

Orral Sweet, son of William Sweet  
of West Long Beach, was killed in a  
game of baseball yesterday, was an  
identical struck behind the ear with  
a bat in the hands of Ralph Mitchell,  
proving conclusively that the ball,  
which it is feared will prove fatal.

At a meeting of the Merchants' and  
Manufacturers' Association last night  
the directors of the city of Long  
Beach, W. C. Smith, W. F. Pascoe, W.  
H. Wise, E. T. Harrell, J. S. Fevins,  
and others were present.

Highway to Harbor.  
Plans Formulated for the Building of  
One from Los Angeles to  
San Pedro.

SAN PEDRO, Oct. 1.—The prelimi-  
nary plans looking to the building of a  
highway between San Pedro and Los  
Angeles are being formulated. A let-  
ter was received yesterday from George  
H. Bixby, a member of the Los Angeles  
County Highway Commission, by  
W. C. Miller, secretary of the local  
Chamber of Commerce, stating that  
President Daggett of the commission,  
accompanied by members of the Board  
of Public Works of Los Angeles, will  
arrive in San Pedro to confer with citi-  
zens relative to the highway about  
noon of today.

The British ship Dunfermlire has  
arrived at Port Los Angeles from  
Newcastle-on-Tyne. She brings a cargo  
of coal, iron and other goods. The  
ship's company is also in port from  
Newcastle, Australia.

GOLDFIELD MAN DEAD.  
The funeral of William Bell of Gold-  
field, who died last night at his tem-  
porary home on Dwight avenue, will be  
held Thursday afternoon. He was a  
sufferer from tuberculosis and recently  
came to the beach for the benefit of  
his health. He was County Coroner  
and had for several years been a  
member of the Peace at Gold-  
field.

Autopsy shows that the two Ser-  
bian political prisoners who were killed  
at Belgrade yesterday were the vic-  
tims of police ferocity, and the war-  
rents of the prisoners had been seized  
by the police. Troops patrol the street,  
as feeling runs high against the reg-  
ime government.

ALLEGED INTRIGUE.  
PLOT TO FORCE  
ENGINEER OUT.SUCH IS THE CHARGE AGAINST  
REDONDO POLITICIANS.

Redondo City Officer, in Care of  
Work of Giving Grades, Planning  
Municipal Improvements, and Vari-  
ous Activities of the Town, Ten-  
ders His Resignation.

REDONDO, Oct. 1.—At the regular  
meeting of the Board of Trustees held  
last night the plans of Architect C. H.  
Russell for the proposed City Hall and  
fire house were conditionally accepted  
and will be adopted if the proposed  
building can be built within the limit  
fixed by the board, which is in the  
neighborhood of \$25,000. The clerk  
was instructed to advertise for bids  
according to Mr. Russell's plans.

The resignation of A. A. Henderson  
as City Engineer was accepted and R.  
O. Hanson, assistant City Engineer,  
was appointed to fill the vacancy. The  
resignation of Mr. Henderson came as  
a surprise to his many friends and to  
the city at large. Behind this move it  
is said by some who are supposed to  
know is the matter of the appointment  
from political and other influences of  
Olmsted & Gillespie as constructing,  
designing and estimating engineers on  
the proposed \$30,000 sewer system  
which is to be built here, the money  
for the same being at present in the  
city treasury.

Plans for the sewer system were  
made by Mr. Henderson as well as  
many of the details and at the ap-  
pointment of the board it was under-  
stood that he was to do the work as-  
sisted by the local force and the en-  
surance if necessary of expert advice,  
but was to have charge of the entire  
work. The board's action in thus re-  
placing a man who is familiar with the  
local conditions has created consid-  
erable adverse criticism.

## YOUNG SILENT MAY BE HERE.

Believed to Have Been Seen  
Near The Palms.

Local Parties of Searchers  
Scouring Country.

Relatives Certain He Is In  
Mind and Body.

Within the next twenty-four hours the whereabouts of Chester Silent, the missing son of Charles Silent, probably will be definitely established. Apparently conclusive proof was obtained yesterday afternoon that the missing youth was at a ranch near Palms, five miles west of Los Angeles.

Chester Silent.

Saturday morning. Every effort is now being made to locate Silent in or near this city. Capt. Aule of the police department is satisfied Silent was seen near Palms.

Crews indicate that young Silent started toward Los Angeles from Palms on foot, about noon Saturday. He was suffering from a high fever and was footsore, walking with a very perceptible limp in his right leg. He appeared to be insane.

Through the observation of H. M. Hoke, a rancher residing one mile west of the Kestring ranch on Washington street, near the Palms, the first definite information regarding the missing Stanford student was obtained. Edward D. Silent, brother of Chester Silent and Frank J. Thomas, a brother-in-law, are in charge of a searching party in Los Angeles. They believe that it is possible the student is making his way home, and may arrive at any hour. They are satisfied his mind is affected.

That clues obtained at Stanford University have proven false lends strength to the theory that Chester Silent is in or near Los Angeles. The search by the student body of Stanford, by officers of Palo Alto, and of every town in the vicinity of Stanford, have yielded nothing.

**NO CLEWS IN NORTH.**  
A telegram received by Mr. Thomas last night from Charles Silent at Stanford, stated that no clues had been secured. It also stated that there was absolutely no trace to be found of Chester in the north, and little hope is entertained of finding him.

Chester Silent is an exceptionally studious and bright young man. Last spring he graduated from Stanford University, but he returned this fall to take a post-graduate course in law. He intended to make two years in his specialty in one year. Since entering Stanford he gave himself entirely to study. It is believed he has suffered a mental collapse through hard study.

He is a member of the Delta Tau Delta Fraternity, and at its chapter house at Stanford he made his home. About the middle of September he injured one foot. A few days later Mrs. Silent went to San José to visit Mrs. J. W. Blaser, her sister. Arrangements had been made with her son to visit her at San José. About September 20 Silent left the fraternity house.

By his fraternity brothers it was presumed that he had gone to San José to spend several days with his mother. Former Judge Silent received a letter dated September 20 from his wife in San José, saying that her son had not arrived, and that she would go to Stanford to visit him. There was no word from him. The part of the mother, and she delayed her visit to her son until Saturday, September 21. That evening the young man's father received a telegram from Mrs. Silent, stating that she and her sister had gone to Stanford, and could find no trace of Chester. He had him in the house a week before. The father took the first train North on Sunday, and began the search.

Monday was spent in a fruitless search for the youth. Preparations were made for a general search of the student body. Large numbers of students turned out and searched the foothills near Lake Lagunitas, and from Redwood, Mayfield, San José and Fair Oaks—surrounding towns—parties went out upon a fruitless search.

**RANCHER HOKES STORY.**  
At the same time a search was begun in Los Angeles, in the belief that the young man started for home, possibly in a state of mental aberration. Rancher Hoke furnished the most promising clue. He notified Edward Silent about noon yesterday that he had seen the youth.

"When Mr. Hoke told me that he had found the boy I nearly dropped from my chair," said Edward Silent. "I notified Special Officer Hendrickson and he started for Mr. Hoke's ranch in a buggy."

"In company with Detectives Ingram and Carroll, Mr. Thomas and I followed in two automobiles for Hoke's place. When we arrived we found everything that would give us hope. In brief, we were told by the few persons living in that vicinity that a young man answering Chester's description had been seen there on Friday and Saturday. They told he was apparently ill."

After spending the night in a vacant adobe across from Hoke's house, the young man, who we firmly believe to have been Chester, walked to Hoke's house and asked for something to eat. He ate crackers and cheese and coffee, but was unable to keep food upon his stomach. Then he asked for water.

"Hoke advised him to go to Los Angeles if he were ill, but first he went to a neighbor's house, where he also asked for water. At four houses he asked for water and drank an unusual large quantity. Then he walked over to a clump of trees and laid down for several hours. At last he arose

## \$12,500 Purchase of Linens

Pattern Cloths : Damask : Crash : Towels—A Chance to Save From a Fourth to a Third

The original order for these linens was placed by a large firm in the Middle West and later cancelled before delivery, owing to financial difficulties, and as the goods were in transit the shipment was diverted to us because of an offer made through our New York office to take the entire lot at a generous price concession. There is seldom a fluctuation in price of linens, for they are a standard the world over. We had hoped to receive these goods in time for our September linen sale, but as they are a little late in arriving we will feature them as a big event for Wednesday.
